Cloud journey

Migration is just the first step in your cloud journey

We help you optimize your solution to ensure you're not spending money in the wrong places

Preparing your platform for the needs and opportunities of tomorrow

Migration

Opsio has created a campaign which is aimed at customers looking to migrate to AWS. The campaign is designed to get rid of the costly pre-study speedbump, and provide the customer with certified migration expertise free of charge (hence its' value of \$10 000).

Opsio will provide the customer with a full SoW and migration plan, ready for launch for a successful migration journey into AWS.

Migration Campaign

VALUE: \$10 000

Full pre-study and roadmap

Covers entire pre-study phase and aims to present a full migration project and strategy

Certified Migration team engaged

Assessment, architecture, strategy, funding

SoW delivery

Defining the road to migration success with proposed architecture

Campaign duration

<30 days of active pre-study efforts followed by delivery meeting
